Welcome from Daniel Emmerson

Upon cancelling the on site International Summer School in both 2020 and 2021, we made a decision to do everything within our power to create an inclusive, diverse and collaborative online community that would adhere to the ethos and the values of our School. We have now delivered online programmes for over 2,000 students from more than 40 countries around the world! Throughout that time it became clear that opportunities to experience global education are more important now than ever before.

Although our online Summer School was a success, the experience that we are able to provide on site at Felsted is completely unparalleled. Regardless as to whether our students attend our Junior or Senior programme, the experience that they have while they are with us has been developed to ensure that they are able to make progress in their journey to become global citizens of the future.

The programme that we are offering in 2022 is based on our carefully designed and constructed timetable. We aim to provide the best possible educational experience while allowing our students to collaborate and build friendships with others from all around the world.

Felsted School was founded in 1564, which means that we have an incredible depth of heritage and experience in terms of pastoral care, education and personal development. As our Summer School enters its seventh year of operation we remain committed to the ethos and the values of our institution. Our programme is carefully refined and developed to ensure that the needs of students are met, and I hope that this will become apparent as you familiarise yourself with our course content. If you have any questions at all about our Summer School programme, please do get in touch and we would be delighted to help you.

QUICK FACTS

- Dates: 3 July – 14 August 2022
- Up to 21 hours of teacher contact time per week
- 8 hours of Academy time per week
- 3 Excursions per week

At Felsted, there are no limits as to what can be achieved over the summer!

Top reasons to choose Felsted Summer School

Integration with British Students

We work with several British schools to ensure that we have the most committed and motivated local students. Our British students are fully immersed in the programme; they take part in all lessons, clubs, academies and excursions while they reside in our boarding houses with students from every other country.

Global Studies Pathway

Our Global Studies Pathway is designed for any student who already has a good grasp of English and who wishes to explore how the world works. Global Citizenship, Political Leadership and International Issues are the focus of this exciting pathway, which is taught by teachers who provide professional and academic expertise across a range of subject areas.

Academy Subject Teachers

Excellent teaching is to be expected from a leading boarding school and our Summer School is no different. We pride ourselves in providing committed, motivated and determined teachers who ensure that your child is given the best opportunity to learn in our dedicated academies.

Immersive Timetable

Our programme runs from 7am to 10pm, 7 days per week. We believe that keeping our students active and engaged is the key to having the best possible experience, and we pride ourselves on ensuring that this is the case every single day of the week.

Three Excursions Per Week

There is always a buzz of anticipation before we head out of Felsted to experience an education outside the classroom, with children of all cultures mixing and chatting excitedly about what lies ahead. Combining culture with fun is the aim of our trips, which vary every week of the Summer School. Our excursions involve one full day and two half day excursions. We also offer an optional extra excursion each week for a small additional charge.

I had such a good time and learnt so much in a fun way. Making new friends from around the world taught me so much about other cultures. It is like the whole world gathered in one school!

Leo, USA

Dedicated Junior & Senior Programmes

We offer both a junior programme for ages 8-11 and a senior programme for ages 12-17. Our junior children live on our junior campus and our senior students on our senior campus. Both are located on the Felsted School site, with all children coming together for meals and whole school assemblies.

On-site Accommodation

Felsted School boarding houses host our Summer School children and all have reached the high standards required by UK School Inspectors. Some are more modern than others, but all become that cosy 'home from home' whilst away from family life. Each boarding house has a dedicated House Parent and Assistant House Parent, who are responsible for the wellbeing of each child. Award winning Felsted chefs are on hand to produce a wide variety of food to suit all tastes, cultures and dietary requirements.

Ages 8–11

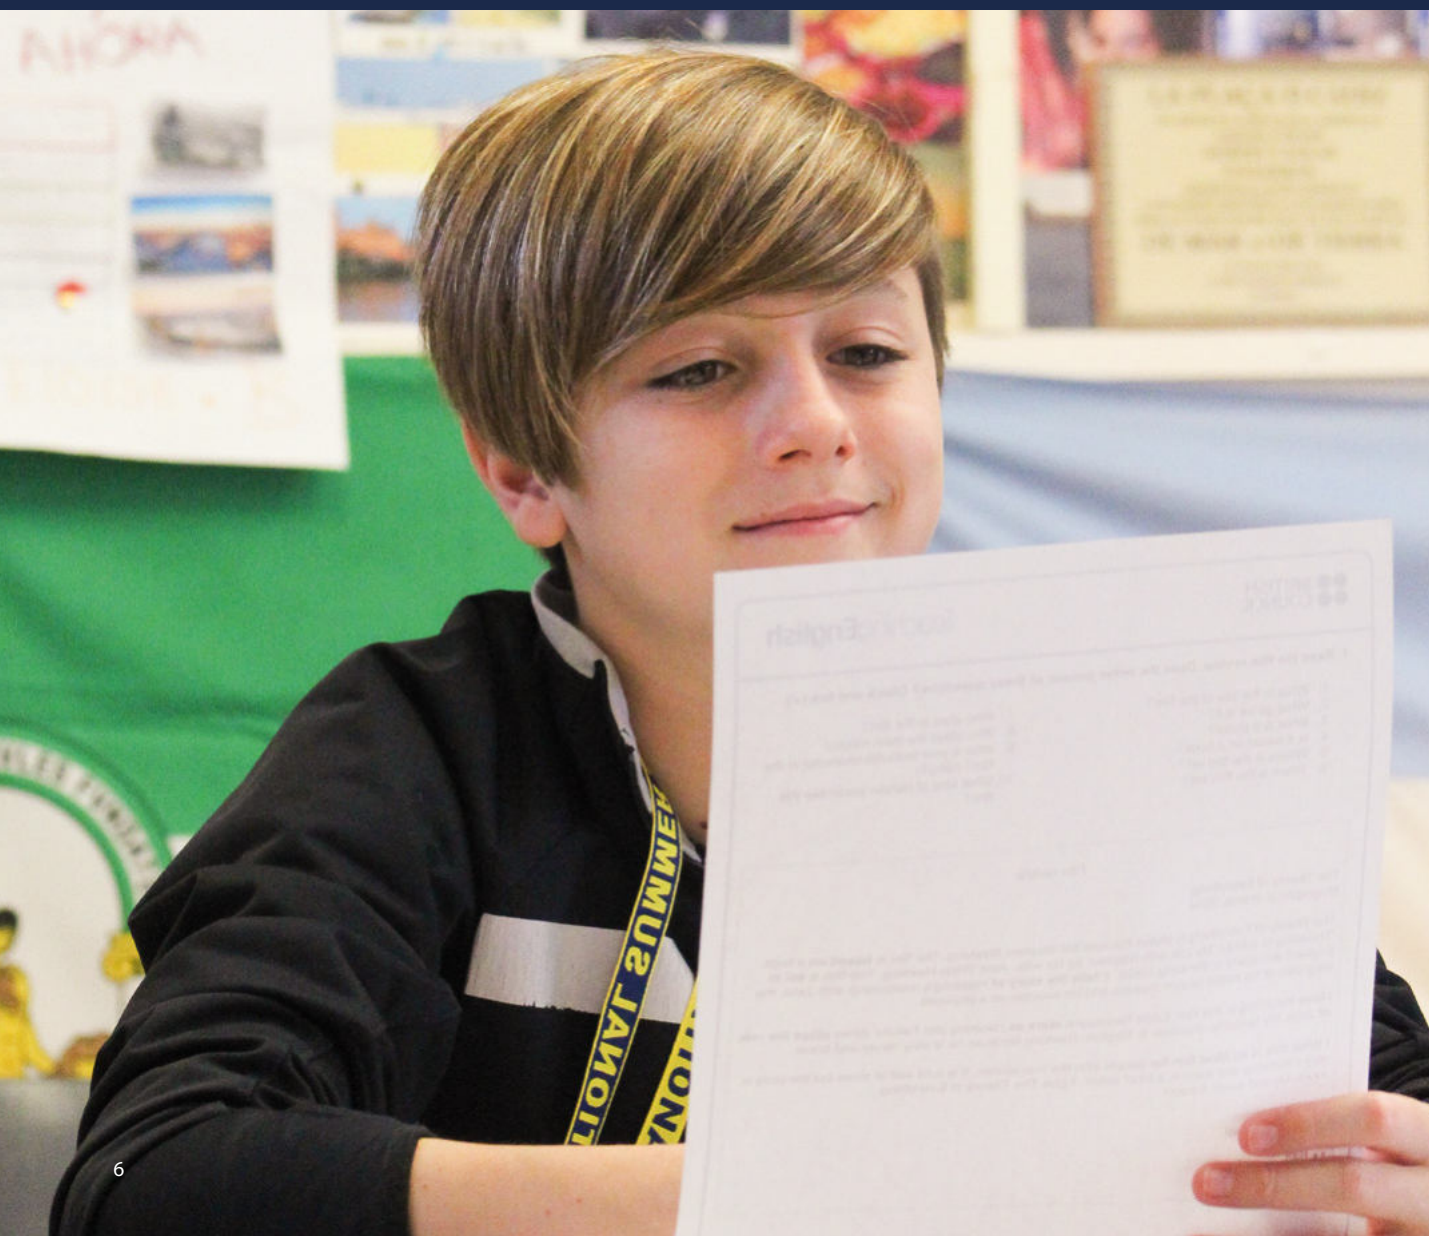

Challenge, develop and experience

Whether this is your child's first experience away from home or they are a regular globe trotter, our Junior Programme will provide them with the perfect blend of learning, fun activities and cultural experiences.

We understand that sending your child to a different country for a number of weeks can be a daunting prospect, so we work hard to ensure they settle as quickly as possible and

that every child feels confident and cared for. Their pastoral care comes first and they very quickly become part of our summer community, making friendships and forging memories that will last a lifetime.

Our carefully crafted timetable is action packed and varied with the aim to keep your child busy and stimulated, taking full advantage of all the opportunities provided. When children are busy they are happy, and when they are happy they grow.

Registration

Occurring three times daily, this provides the perfect opportunity for our House Parents to check on the wellbeing of your child and to explain what will happen each day.

English Lessons

Three 1-hour lessons take place every morning, for five days during the week. There is also a fun-based project session on Sunday morning. Each child will be allocated to the appropriate level class following an assessment on their first day.

Academies

Children may choose one of the following options to enhance their learning, further details of which can be found on pages 14-17. Academies run for a duration of two weeks. All students are asked to make a first and second choice. Please note that our academies do fill up quickly so book early to ensure priority.

1. Art
2. Computing
3. Drama
4. Maths
5. Science
6. Sports and Recreation

Assembly

Weekdays after lunch, the Summer School team conduct an assembly that provides information about the programme and life in the UK. We use this period of the day as an

opportunity to share information and insight with students from both the senior and junior campuses.

Clubs

Offering a broad selection of co-curricular and sports options our clubs include music, cookery, photography as well as sports options such as badminton or football. Children select their chosen club at our weekly Club Fair and may change their option each week.

Social Programme

A fun and varied social programme runs after dinner each evening, ranging from competitions and talent shows to themed discos and our very own mini-Olympics, designed to encourage as much interaction between the children as possible.

House Time

This is an opportunity for children to rest and relax for a short time before they go to sleep. They are encouraged to socialise and reflect on their day, perhaps phoning home to touch base with their family before the day ends.

Excursions

Children will be taken on three exciting trips per week. These differ each week to expose children to English culture at the same time as being a fun and actively enjoyable experience.

I don't know how we are having so much fun since it is school! The English lessons are so creative and the food is so good! Everyone is so happy making lots of new friends.

Senior Programme

Ages 12–17

Balance and stimulation

Our students range dramatically, from their communication and language skills to their cultural backgrounds and personal interests. For this reason, we have shaped our timetable so that students can tailor their experience to suit their own interests and needs, to make their summer experience the best it can possibly be.

Studying abroad can be challenging for some but we know students quickly make solid friendships with other children from different corners of the world, enhancing their global understanding. Students embrace the experience and leave as engaged global citizens. Their timetable is busy, but it is broken down into different sections each day for variety and enjoyment.

Registration

Occurring three times daily, this provides the perfect opportunity for our House Parents to check on the wellbeing of each student and to explain what will happen each day.

Assembly

Weekdays after lunch, the Summer School team will guide students on expectations for the days ahead and this is a great way for them all to quickly get to know each other, their roles and responsibilities.

Academic Pathways

There are two Academic Pathways to choose from:

1. **English:** Designed for students who are keen to develop their level of English language skills and confidence quickly. Each child will be allocated to the appropriate level class following an assessment on their first day.

Global Studies: Taught by researchers, lecturers and industry professionals with

extensive experience in the field, plus MA and PhD candidates who are passionate and enthused about their specific subject areas.

Students will need to have an excellent grasp of English (B2) in order to take part in this programme, which focuses on subject areas such as:

- What is globalisation today?
- How can we best protect the environment?
- How does international finance work?
- How can we make predictions about the world?
- Why do people leave their home countries?
- What makes a strong political leader?
- Why are some countries rich and other countries poor?
- What is justice and how does it work?

For those who are interested in improving both their language skills and knowledge of global affairs, we have included International Relations as an academy option so you can do both!

Academies

Students may choose one academy option, details of which can be found on pages 14-17.

ACADEMY OPTIONS

Art
Dance
Drama
English Conversation
Fashion
International Relations
Mathematics
Music
Pre-IB
Science
Sports and Recreation
Tennis

Clubs

Students may choose a co-curricular option such as music, cookery or photography, though it could also include a sports option such as badminton or basketball.

Homework

For students taking the English pathway, homework is led by teachers who supervise and guide this one-hour session. For Global Studies students, this is a teacher-led study session, during which time they are expected to complete tasks set by the teachers earlier that day.

Social Programme

A fun and varied social programme to encourage as much interaction between the students as possible. This ranges from competitions and talent shows, to themed discos and sports tournaments!

Excursions

Students will be taken on three exciting trips per week. These differ each week to expose them to different elements of English culture at the same time as being a fun and actively enjoyable experience.

Academies

Enhanced Learning

Students may choose one of the following options to enhance their learning in a two-week block

Each academy is subject to availability so we recommend early registration. Please check the website for the dates that some of these academies are available.

Art

Junior & Senior

A practical and hands-on academy for creative students. Students will work on a project each week and have the opportunity to present this to their peers. Skills to be developed and taught include drawing, painting and sculpting, with various materials and forms of Art to be explored. We emphasise student-led creativity and our teachers guide students in their development throughout this course.

Dance

Senior only

Our Dance Academy focuses on a range of different techniques and styles of dance. Working on both development of existing skills and acquiring new skills, we aim to cover multiple themes and approaches of dance. Weekly performances are included in the academy, giving students the opportunity to show off their new dance skills.

Drama

Junior & Senior

A bright and brilliant course for budding young actors. A range of activities are included that not only teach acting skills but help build confidence and friendships. Students present their learning weekly and will study a variety of themes and genres.

Computing

Junior only

If you are interested in programming, game design, coding and app building, this is the academy for you! We are able to accommodate a wide range of talent and interest every week to ensure that regardless of how much experience you might have in any of the core focus areas of this academy, you are able to take part and learn as much as possible. A popular academy so be sure to book early.

English Conversation

Senior only

This academy is for students who wish to develop their conversation and speaking skills. This is recommended for students who have an English level of B1+. Topics will be tailored to each specific group, with initial input provided by teachers followed by fluency activities.

Fashion

Senior only

Have you ever wanted to design and produce your own garment? This popular textile academy will take you step by step through the different stages and processes over the two week course. If you would like to share your interest with other students from around the world, this is the academy for you.

International Relations

Senior only

This academy provides a more focused context to some of the subjects discussed in the Global Studies pathway, such as interdependencies between states, trade negotiations and human rights issues around the world, while also picking up on regional forums and initiatives across the globe. For those who choose the English pathway, students can indulge in some of the subjects that make International Relations such an interesting and unique discipline. It can also be a supplement for those taking the Global Studies pathway to further increase their knowledge and curiosity in the realm of Political and Social Science.

In my Global Studies lessons I learnt to understand about international relationships and the Science Academy has increased my passion to study medicine in the future.

Aayush, India

Mathematics

Junior & Senior

A vigorous option for those wishing to develop their problem-solving skills. A modern blend of tasks, assignments and project work will test the ability of each student. The academy focuses on using existing skills in fun and dynamic ways. Junior and senior classes are split according to age with lessons tailored appropriately.

Music

Senior only

This academy is for students who currently play an instrument or are able to sing. Featuring a wide range of music and a mix of group and individual work this academy will improve any skill level. Students have full use of Felsted's state-of-the-art Music School, which includes a music technology suite, recording studio and performance hall. All work leads to a class performance where students can showcase their new skills.

Pre-IB

Senior only

This course aims to give an insight into the International Baccalaureate Diploma, for students who are considering or will be studying this. Structured around the IB Learner profile, the academy will provide a focus on the Creativity, Activity and Service elements of the IB. Students will also be taught how to prepare for the extended essay and how to make the most of Theory of Knowledge.

In the Music Academy I enjoyed learning new pieces with other musicians from around the world.

Jasmine, Thailand

Science

Junior & Senior

A practical, experimental and analytical academy covering areas in physics, chemistry and biology. Students aim to achieve their CREST certification, which can be included in their Record of Achievement when applying for university. Although we offer guidance for a range of abilities, students should certainly be keen on their subject and have a good understanding of English. The course involves dissection and the use of chemicals and powders, making this a highly memorable option. Junior and Senior classes are divided according to age with lessons tailored appropriately.

Sports and Recreation

Junior & Senior

Take part in traditional British boarding school sports, such as cricket, hockey, rugby and tennis, with sessions led by our activities staff who guide and instruct students. A perfect preparation for those planning to learn at a UK school in the future.

Tennis

Senior only

Felsted offers wonderful grass and hard court facilities for players to train on. This academy allows players to focus their energy, hone their skills and compete against other participants from around the world. Private lessons are also available at an additional cost.

Excursions

Learning outside the classroom

Three exciting trips per week

Every week of our Summer School, we introduce children to different elements of English culture at the same time as giving them a memorable and actively enjoyable experience.

We understand how much can be learnt outside the classroom and this is the perfect opportunity for our students to mix and socialise with different cultures in their group.

Accommodation

Modern, on-site boarding houses

Comfort, safety and practicality

Our senior students stay in one of our senior boarding houses, comprising single and double rooms, plus some small dormitories, all with shared bathrooms. We do have some en-suite rooms in one of our girls' boarding houses and opportunities to share in small dorms, should this be your preference.

Our junior students stay in a dedicated boarding house.

All our boarding houses are well staffed and supervised, accommodating the needs of every individual child. They are fully secure and each have use of a sitting room with tv and games, an outdoor garden to relax in and a kitchen where drinks and snacks are provided.

Our award winning Felsted chefs produce a wide variety of food to suit all tastes, cultures and dietary requirements. All our meals are cooked in-house and served in our modern dining hall. Laundry is provided free-of-charge five days per week.

“

My experience was extraordinary, learning with natives and making new friends from around the globe. In the Science Academy I learned many new things through exciting experiments, the Clubs were a good way to mix in physical and mental sports and the fun evening activities were a great way to end each day.

Location

Stunning British countryside

Felsted School is set on a stunning village campus in the beautiful English countryside. Located only 20 minutes from Stansted Airport and 90 minutes from Heathrow and Gatwick International Airports, we are perfectly located between London and Cambridge, offering our Summer School students numerous historic sites and places of interest to visit.

The Senior and Junior Campuses are located on the same school site, both of which boast their own sports hall, classroom blocks, dining hall, sports fields, boarding houses and recreation areas.

Arrivals and Departures

Escorted airport transfers

From the moment our students arrive at the airport, they are welcomed by a member of our staff. They are given a meal and refreshments as soon as they are met and are then driven to Felsted in one of our own minibuses or transport organised by Felsted's Transport Department.

Escorted transfers from London Gatwick, Heathrow, Southend and Stansted airports between 08:00 and 17:00 on Sundays are included in the price of the course. However, we can provide price quotations for any other destinations upon request.

Private tours of the school can be arranged for parents bringing their children to Felsted themselves.

One of the greatest experiences of my life; meeting new people, learning interesting new concepts in economy and politics, and an excellent staff who took great care of us.

I always wanted to meet new people of different nationalities. I would certainly recommend Felsted to others and I hope to be back next year!
